UINTA COUNTY DETENTION CENTER ANNUAL PREA REPORT

PREA PRISON RAPE ELIMINATION ACT

The Prison Rape Elimination Act was passed unanimously by both parties in Congress in 2003 and signed into law by President George W. Bush. The act aimed to curb prison rape through a "zero-tolerance" policy. The act called for developing national standards to prevent incidents of sexual violence in prison. The purpose of the act is to "provide for the analysis of the incidence and effects of prison rape in federal, state, and local institutions and to provide information, resources, recommendations and funding to protect individuals from prison rape." (Prison Rape Elimination Act, 2003.)

The Uinta County Detention Center supports a Zero-Tolerance policy on sexual violence and support compliance by training of Deputies and Inmates on this mindset. In accordance with the PREA national standard 115.88 this report is being made available to the public via the Uinta County Sheriff Web site.
